As per the current Institute recruitment rules, a one-year probation period applies to all recruitments, including promotions. However, the Office Memorandum No 28020/3/2018-Estt. (C) issued by the government of India, Ministry of Personal, Public Grievances & Pensions, Department of Personnel & Training on March 11,2019, clearly states that promotions within the same group of posts (e.g., Group C to Group C) do not require a probation period.

In light of this Office Memorandum, the IITGNTEA proposes a review of the Institute's probation policy for employees undergoing promotions within the sane group. It is believed that eliminating the probation period in such case will:

- **Reduce administrative burden:** Removing the unnecessary probation period will streamline the promotion process and free up resources.
- **Boost employee morale:** Employees who already performing their duties satisfactorily will feel valued and motivated by a quicker confirmation in their new role.
- **Align with Government guidelines:** Bringing the Institute's policy in line with the Government's directive will ensure consistency and clarity.

Further, the said OM regarding master circular on probation/confirmation in central services, clause-10 states the following:

**Period of probation**

Clause 10: The period of probation is prescribed for different posts/services in Central Government on the following lines:

<b>Sl. No</b>	<b>Method of appointment</b>	<b>Period of probation</b>
<b>PROMOTION</b>		
1	<i>Promotion from one grade to another but within the same group of posts e.g. from Group 'C' to Group 'C'</i>	<i>No probation</i>
2	<i>Promotion from one Group to another e.g. Group 'B' to Group 'A'</i>	<i>The period of probation prescribed for the direct recruitment to the higher post. If no period is prescribed, then it should be 2 years.</i>

In view of the above, the Board was requested to approve the proposal.

The Board discussed and resolved as below:

**Resolution No: R\_119BOG/11/2024**

**RESOLVED** that the period of probation in the following lines be **APPROVED** thereby partially adopting the Office Memorandum No 28020/3/2018-Estt. (C) issued by the government of India, Ministry of Personal, Public Grievances & Pensions, Department of Personnel & Training on March 11,2019 with retrospective effect from 01.08.2024.

<b>Sl. No</b>	<b>Method of appointment</b>	<b>Period of probation</b>
<b>PROMOTION</b>		
1	<i>Promotion from one grade to another but within the same group of posts e.g. from Group 'C' to Group 'C'</i>	<i>No probation</i>
2	<i>Promotion from one Group to another e.g. Group 'B' to Group 'A'</i>	<i>The period of probation prescribed for the direct recruitment to the higher post. If no period is prescribed, then it should be 2 years.</i>

**Item No 12**

**To consider Accessibility and control of Alumni Fund Code 8221 to AER**

The Alumni fee component was added to the fee structure of IIT Guwahati with the purpose to build a corpus for undertaking various student-alumni interaction programmes and to extend assistance in creating Alumni Chapters and to conduct other such events involving alumni of the Institute. In view thereof, the following are proposed to ease out book- keeping and expediate the process of sanctioning funds.

1. Since these activities come solely under the purview of the AER section, the accessibility and control to this fund may be given to the concerned section. The AER section will be in a better position to keep an account of the expenditure incurred and remittance made as the statistics related to alumni and events conducted are maintained at AER.
2. Further proposed to delegate the power of sanctioning an amount of ₹ 5 Lakhs to the Dean AER as there are numerous activities which are within this limit that are conducted throughout the year.
3. Power of sanctioning from the fund code 8221 above ₹ 5 Lakhs, Director will approve.

The Board was requested to consider the proposal at Sl. No 1 to 3 above.

The Board discussed the matter **OPINED** that in terms of clause 19(1) of IIT Act, Registrar of the Institute shall be the custodian of records, the common seal, the funds of the Institute and such other property of the Institute as the Board shall commit to his charge so the accessibility and control to the fund code 8221 shall remain with the Registrar. Therefore, Sl. No 1 is not acceptable. However, Dean, AER can have financial sanctioning approve up to ₹ 5 Lakhs and above 5 lakhs it shall be sanctioned by the Director.

The Board resolved as below:

**Resolution No: R\_119BOG/12/2024**

**RESOVED** to delegate financial sanction up to ₹ 5 Lakhs of fund code 8221 to Dean, AER.

**Enhancement of existing Financial Assistance of Start-up Grant (SUG) to newly joined faculty members**

The Board was informed that in pursuance to the decision of the 88<sup>th</sup> BOG Meeting held on 23.03.2017 the Institute has been providing Financial Assistance to the newly joined Faculty members as Start-up Grant (SuG) of ₹ 5.00 lakh without any presentation/defending within 6 months from the date of joining for an initial period of 2 years. Further a top up of ₹ 15.00 lakhs are also provided upon the submission of progress report followed by presentation and subject to sanction of any proposal by external funding agency.

Period	No. of beneficiary	Capital Grant (5020)	Recurring Grant (91)
2021-2022	18	₹ 40 .00 lakh	₹.15.00 Lakh
2022-2023	23	₹.40.00 lakh	₹.15.00 Lakh
2023-2024	22	₹.60.00lakh	₹.20.00 lakh

Further it was also informed that, there were many requests from faculty members to enhance the existing initial SuG amount limit citing the increased cost of equipment and other consumable/contingency items required to start research activities.

It is felt pertinent to increase the initial limit of SuG to allow new faculty members to set up necessary lab facilities to kick start their research without delay. Hence, proposed support will encourage the newly joined faculty members for their massive and active participation in research related activities and to maintain vibrant research environment of the Institute.

In view thereof, office of Research and Development proposes to enhance the initial SuG amount from ₹5.00 lakhs upto ₹ 20.00 lakhs with proper presentation/defending within 6 months from the date of joining for an initial period of 2 years or before receiving of any extramural grant from outside agencies whichever is earlier.

<b>Sl. No.</b>	<b>Name</b>	<b>Date of Superannuation</b>
1.	Dr. (Mrs.) Leena Barua, Chief Medical Officer (SAG)	31.05.2024 (A.N)

The Board is requested to **NOTE** and **ACCEPT** or put forward any advice/suggestion on the above-mentioned items as reported.

**SECTION- D: Minutes of meetings of Statutory bodies for reporting to the Board**

**Item No. 23**

**Minutes of the 171<sup>st</sup> & 172<sup>th</sup> meeting of the Senate of the Institute.**

Minutes of the 171<sup>st</sup> and 172<sup>nd</sup> meeting of the Senate of the Institute held on 21.12.2023 & 14.02.2024 is placed as **Annexure-43** (placed separately) and **Annexure- 44** (placed separately) respectively

This was placed before the Board in terms of the Section 4(10) of the Statute.

The Board was requested to **NOTE** and **ENDORSE** the recommendation of the Senate.

The Board however noted that in the 171<sup>st</sup> Minute of the Senate held on 21<sup>st</sup> December 2023, vide resolution R171/12(B)/2023 resolved that the modalities for circulating the agenda and the minutes of the meeting of the Senate be APPROVED. As per the modalities it was suggested that the Registrar, in consultation with the Dean of Academic Affairs, shall ensure to circulate the agenda at least one week in advance to the meeting of the Senate and its minute within the three weeks from the date of the meeting. Further in the said senate minutes it was also mentioned that there was a delay in the Circulation of agenda and minutes of the 169<sup>th</sup> and 170<sup>th</sup> meetings of the Senate. On which Registrar in Charge clarified that there were several mistakes in the initial versions submitted by the academic section which were corrected multiple times.

On the matter the Board **OPINED** that modalities for circulating the agenda and the minute of the Senate should be as per Statute of the Institute: clause 4(7) and 4(10) and the Institute of Technology, Act 1961 and its amendment clause 19 (2) and 19(4). Therefore, the Board decided to execute its power under clause 13(1) of the Institute of Technology Act 1961 and its amendments and directed to send back the minutes of the 171<sup>st</sup> meeting of the Senate back to the senate for its review.

The Board resolved as below:

**Resolution No: R 119 BOG/23/2024**

So, it is proposed to amend the provision 9(16) of the Statute as follows:

In the event of the occurrence of any vacancy in the office of the Chairman by reason of his death, resignation or otherwise or in the event of the Chairman being unable to discharge his functions owing to absence, illness or any other cause, the Chairman of any other IIT may be appointed to discharge the functions assigned to the Chairman under Statute 7. ## **GRADING SYSTEM**

- 13.1 Based on the performance of a student, each student is awarded a final letter grade in each subject at the end of the term. The letter grades and the corresponding grade points are as follows:

<b>Grade</b>	<b>Grade Point</b>
AS	10 (Outstanding)
AA	10 (Excellent)
AB	9
BB	8
BC	7
CC	6
CD	5
DD	4
F	0

- 13.2 A student is considered to have completed a subject successfully and earned the credits if he secures a letter grade other than I, X or F in that subject. A letter grade F in any subject implies a failure in that subject.

### **13.3 The Transitional Grades I and X**

a) The teacher of a subject may award the grade 'I' to a student if the latter was compelled to absent himself from the end term examination on account of: (i) Illness or accident which disabled him from appearing at the examination. (ii) A calamity in the family at the time of the examination, which, in the opinion of the Institute, required the student to be away from the campus. A student will be eligible for the award of grade 'I' only if his/her attendance at classes and performance in other components of assessment are complete and satisfactory.

b) The teacher of a subject may award the grade 'X' to a student if the overall performance of the student in the course is good, but is likely to get grade 'F' based on his/her end semester/term examination.

c) All 'I' and 'X' grades awarded by teachers must be converted by them to appropriate letter grades and communicated to the Academic Section (through Head of the School) within two days of the respective make up examination. Any outstanding 'I' and 'X' grades two days after the last scheduled make up examination will be automatically converted to an 'F' grade.

- 13.4 A Semester Performance Index (SPI) will be computed for each semester. The SPI will be calculated as follows:  $SPI = (C_1 \cdot G_1 + C_2 \cdot G_2 + C_3 \cdot G_3 + \dots + C_n \cdot G_n) / (C_1 + C_2 + C_3 + \dots + C_n)$  where,  $n$  is the number of courses registered during the semester,

$C_i$  is the number of credits allotted to a particular course, and

$G_i$  is the grade points corresponding to the grade awarded for the course.

A Term Performance Index (TPI) will be computed for each semester. The TPI will be calculated as follows:  $TPI = (C_1 \cdot G_1 + C_2 \cdot G_2 + C_3 \cdot G_3 + \dots + C_n \cdot G_n) / (C_1 + C_2 + C_3 + \dots + C_n)$

- 13.5 A Cumulative Performance Index (CPI) will be computed at the end of each semester and communicated to the students along with the SPI and the grades obtained by them for that semester.

The CPI gives the cumulative performance of the student from the first semester up to the end of the semester to which it refers, and will be calculated as follows:

$$\text{CPI} = (C1 \cdot G1 + C2 \cdot G2 + C3 \cdot G3 + \dots + C_m \cdot G_m) / (C1 + C2 + C3 + \dots + C_m)$$

where, m is the number of courses registered up to that semester,

C<sub>i</sub> is the number of credits allotted to a particular course, and

G<sub>i</sub> is the grade points corresponding to the grade awarded for the course.

Whenever a student repeats or substitutes a course in any semester, the lower grade(s) obtained by him/her in the course is to be ignored in the computation of CPI from that semester onwards.

- 13.6 TPI, SPI and CPI will be rounded off to the second place of decimal and recorded as such. Whenever these CPI are to be used for the purpose of determining the merit ranking of a group of students, only the rounded off values will be used.
- 13.7 When a student gets the grade 'I' or 'X' for any course during a semester, the TPI/SPI for that term/semester and the CPI at the end of that semester will be tentatively calculated ignoring 'I' and 'X' graded course(s). After conversion of 'I' and 'X' grade(s) to appropriate grade(s), the SPI and CPI for that semester will finally be recalculated after taking the converted grade(s) into account.
- 13.8 The faculty advisor may permit a student to register for an audit course provided the course instructor allows auditing a course. Students auditing a course and satisfying minimum attendance criteria of 75% shall be awarded the grade "AU". The audit course and the grade "AU" shall not carry any credits and grade points.

#### **ASSESSMENT OF PERFORMANCE**

- 14.1 There will be continuous assessment of a student's performance throughout the term/semester and grades will be awarded by the teacher concerned or the appropriate committee appointed for this purpose on the following basis.
- a) In case of
    - i. Theoretical subjects, the evaluation will be based on instructors assessment, quizzes, End-term, mid semester examination and end semester examination, and

  - e) The final grades for a subject must be submitted after the end-semester/term examination by the concerned instructor(s) to the Head of the School for onward transmission to the Deputy/Assistant Registrar (Academic) within the date stipulated in the academic calendar.

#### **14.2 Evaluation of Projects:**

- a. The project course can be in multiple stages, each spread over a term. At the end of every stage (excluding final stage), the student is required to submit a report of his/her work by a prescribed date to the Secretary, SPPC and present it to an Internal Project Evaluation Committee constituted by the SPPC. After passing of any stage, the subsequent stage of the work is continued in the following term. Otherwise, the student requires to re-register in the subsequent term and work for clearing the respective stage. For the final stage project, the supervisor(s) shall forward a list of examiners (comprising of at least two faculty members

from the school, in addition to the supervisor(s) and one member from outside the school or an external expert) through the Secretary, SPPC to Head of the School. The Head will then forward the list of examiners to the Chairman IPPC for the approval, at least 7 days before submission of the thesis. The supervisor(s) will fix the date of oral examination; make an announcement (through notices and e-mail) and forward the thesis to the examiners. The oral examination of an MBA Project shall be held as per the announced schedule, and it shall be an open one. The committee shall evaluate the project and award a grade.

- b) Extension of time from the announced last date for submission of the project report may be granted by the SPPC in the case of students with insufficient progress in the project work. In such a case the concerned students will be temporarily awarded 'I' grade. Further, if the reports are not submitted within the allowed period of time, the 'I' grade will be automatically converted to 'F' grade.
- c) Summer Internship: A student is required to submit a report of his/her summer internship project by a prescribed date to the Secretary, SPPC. The SPPC shall constitute an evaluation committee for evaluating the projects and award a grade.

End semester/term examination answer scripts and the sheet containing details of marks converted to grades, shall be preserved by the teacher(s) concerned for a period of one semester.
- 15.3 Changes in Grades Already Awarded: If a student feels that he/she has not been awarded a deserving grade in a course, he/she may request the instructor of the course within one week of the start of the next term, to show him/her the end-semester/term answer script in order to ensure that all the questions have been evaluated properly. In case of any change in grade, the same with due justification has to be communicated by the Instructor to the Dean of Academic Affairs through the Head of the School.

#### **EXAMINATIONS**

- 16.1 In assessing the student's attainment in subjects (Theory, Laboratory, Studio and Sessional), seminars, project work etc., the system of continuous assessment is adopted by the Institute. In conformity with this practice, there will be an end semester/term examination for every theoretical subject -- in addition to the instructors' assessment and quizzes etc.
- 16.2 student may be debarred from appearing in the end term examination due to the following reasons:

**3.1 Background:**

Indian Institute of Technology Guwahati was established in 1994. The campus is on a sprawling 285 hectares plot of land on the north bank of the river Brahmaputra around 20 kms from the heart of the city. The campus area is comprised of hilly and plain terrain covered with multistoried buildings, parks, lakes, sports complex, etc. The Institutes maintains its quality in the field of construction, education, welfare, etc to promote for social growth. For excellent quality works at a justified cost, the institute invite fish farmers having valid registration in Govt. / Semi Govt. Dept. / Autonomous Body as described in the notice. With scientific interventions and application of technology by its Excellency in the field of research, the production of good quality fish seeds can be done and IITG can be turned to be a major feeder in the state.

## Report on leasing of the Water Bodies, the Fruit Trees and selling of dead Trees of the Campus

A committee was formed by the Competent Authority to check the feasibility of leasing of Water Bodies and the Fruit Trees of IITG Campus with the following members-

- 1) Mr. Dipjyoti Dutta, HOS(R&D)
- 2) Dr. L.N. Sarma , Senior Technical Officer
- 3) Mr. Gunamoni Das, Deputy Registrar
- 4) Er. A. K.Gogoi, Executive Engineer (civil)

The committee has discussed regarding the detailed EOI prepared by IPM Section for leasing of water bodies and fruit trees including selling of dead trees in the Campus. The following points have been noted:

### A) Leasing of water bodies:

- 1) The EOI prepared for leasing of water bodies as per the State Govt. fishery rule.
- 2) The water bodies which are decent for leasing are mentioned below:
  - i) Near Estate Building
  - ii) Near Guest House
  - iii) Near B Type Park

The water bodies in other area like near Auditorium, D Type Quarters etc., are very small and are not in the shape of leasing.

- 3) The estimate as prepared by IPM may be revised as per Annexure A.
- 4) Before leasing of water Bodies, comments from all the stock holders may be taken into consideration regarding safety and beautification of the campus.

### B) Leasing of fruit Trees:

The fruit trees in the campus are not in a one location. All are scattered around the campus. Thus, it is not possible to keep them safe by the lessee, and it is not suggested to lease the fruit trees in the campus.

### C) Selling of dead trees:

On discussion with the personnel of the Forest Department of the State, it has come to the knowledge of the committee that, for selling of the dead trees, the Institute has to take permission

The block contains four handwritten signatures in black ink. From left to right, they appear to be: 1) A signature that looks like 'Sharma'. 2) A signature that looks like 'Dipjyoti Dutta'. 3) A signature that looks like 'Gogoi'. 4) A signature that looks like 'Das'.

from the 'Forest Department' and has to submit Forest Royalty before cutting of the dead tree. Afterwards it may be put in Auction by proper procedure that is followed by the institute.

The process will take long time and only few trees (8 to 10 nos) get dead in a year. As of now, it is not suggested the selling the dead trees. The dead trees after cutting and sizing may be kept for use in IITG campus for miscellaneous work.

The report with the EOI attached herewith may be sent to Audit and Legal Cell for their views.

Comments from the Legal Cell regarding leasing of water bodies and fruit trees in the campus

As directed, the records produced by the Infrastructure, Planning and Management (IPM) section in connection with the leasing of water bodies and fruit trees in the campus has been examined and following are put forth for perusal:

In the 92<sup>nd</sup> Building and Works Committee meeting held on 17/01/23 an agenda item being SI No 33 was placed for approval of leasing of the

- i) water bodies at IIT Guwahati campus and;
- ii) Fruit trees at IIT Guwahati campus.

The B&WC has advised to frame the proposal as per guidelines of the State Government Fishery Department and forward the same for legal view. After getting the legal view, it may be placed in the Board of Governors.

Subsequently, the IPM section prepared the estimate for the leasing out items and Expression of Interest (EOI). It was also proposed to form an expert committee to examine the pros and cons of the proposal and accordingly a Committee with following members was constituted by the Competent Authority:

1. Dr. L.N. Sharma, Dept. of EEE
2. Mr. Gunamani Das, Deputy Registrar
3. Mr. Dipjyoti Dutta, Asst. Registrar (R&D)
4. Er. A.K. Gogoi

Later on, the aforesaid Committee was also requested to look into the matter concerning selling of dead trees in the campus.

The Committee, discussed in detail the EOI prepared by the IPM section for leasing of water bodies and fruit trees including selling of

P.

dead trees in the campus. The Committee made following observations:

A) Leasing of water bodies: The Committee Found the EOI prepared for leasing of water bodies as per the State Government's Fishery Rules. The Committee found the water bodies near Estate building, Guest House and B Type park decent for leasing. The Committee did not find the remaining water bodies in the campus suitable for leasing. The Committee suggested to revise the estimate as prepared by IPM. The Committee also suggested for comments from all the stake holders by taking into the considerations the concerns regarding the safety and beautification of the campus.

B) Leasing of fruit trees: The Committee suggested not to lease the fruit trees in the campus as they are scattered around the campus and not in one location. Also, it will not be possible for the lessee to keep them safe.

C) Selling of dead trees: The Committee opined that, after discussion with the personnel of the Forest Department of the State, it has come to their knowledge that for selling of the dead trees, the Institute has to take permission from the Forest Department and also has to submit Forest Royalty before cutting of the dead trees. Afterwards, it may be put in action by proper procedure which is followed by the Institute. Since, the process will take long time and there are only few trees get dead in a year, the Committee suggested not to go for selling the dead trees. The Committee suggested that the dead trees after cutting and sizing may be kept for miscellaneous work in the Campus.

Report on leasing of the Water Bodies, the Fruit Trees and selling of dead trees of the campus prepared by the aforementioned Committee appears to be fair and equitable.

However, the legal Cell will not comment on the Estimate prepared by the IPM section and revised Estimate prepared by the Committee as it lacked expertise on the subject.

Finally, Section 6 (1)(j) of the Institute of Technology Act,1961 provides for the following: "to deal with any property belonging to or vested in the Institute in such manner as the Institute may deem fit for advancing the objects of the Institute;". Therefore, there doesn't appear to be any legal impediment for the Institute to proceed with the leasing of water bodies and fruit trees, provided that such actions are conducted in strict accordance with the relevant governing laws and regulations.
